

CHECKLIST OF

New Brunswick Birds

Nature NB 2017

This checklist includes all 419 bird species accepted by the New Brunswick Bird Records Committee as of April, 2017. The names are those adopted by the American Ornithologists' Union as of 2011. Observations of any species not on the list or classed as accidental should be documented by sending written details, photos, etc. to the N.B. Bird Records Committee. Information is available at http://www.naturenb.ca/nbbrc.

LEGEND

- A Accidental (records in no more than 5 years of 50)
- **B** Breeds annually uncommon to numerous
- **b** Breeds rare
- Infrequent or exceptional breeder (in last 50 years)
- = Former breeder

- M Migrant uncommon to numerous
- m Migrant rare but annual
- R Very rare (not expected annually)
- O Origin debatable
- S Sight record(s) only
- X Extinct or extirpated

Name Date Location Date Location Date Location Date Location

Nature NB is a non-profit, charitable organization whose mission is to celebrate, conserve and protect New Brunswick's natural heritage. It represents individuals and 12 local clubs throughout the province.
